

FISCAL NOTE

TO: Chief Clerk of the Senate
Chief Clerk of the House

FROM: James A. Davenport, Executive Director

DATE: March 29, 1995

SUBJECT: **SB 1586 - HB 1562**

This bill, if enacted, will create the Division of Managed Health Care within the Department of Health. This new division would be responsible for developing, monitoring, coordinating and administering all managed health care policies, programs, projects and vendors through which medical assistance is provided by, or funded through, any agency or entity of state government.

The fiscal impact from enactment of this bill is estimated to be an increase in state expenditures to fund positions necessary to administer the provisions of this bill. This bill does not transfer functions or positions from other departments. The amount of increase would depend upon the number of staff required and cannot be determined but can be estimated to exceed \$100,000.

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.

A handwritten signature in black ink, reading "James A. Davenport". The signature is written in a cursive, flowing style.
